When a change in property ownership occurs, the water service is temporary and subject to shutoff without further notice pending satisfaction of District requirements. The water service can only become permanent upon satisfaction of District requirements, including payment of outstanding bills, completion and signing of this form, and presentation of verifiable proof of ownership as specified to you verbally. (Policies, Procedures, Rules and Regulations 7:02.A2) Quartz Hill Water District is not responsible for nor does it guarantee the quality of water to be delivered to its customers.

This Application for Water Service is to be completed and signed by the owner of the property. In the event that a properly signed form is not on file with the District, the water service will be subject to discontinuance without further notice. The owner may request that the bill be sent to another person, such as the tenant at the property address. The owner may also instruct the District to send the bill to himself at another mailing address or a property manager. The purpose of this form is to provide the District with the correct billing information and to notify the property owner that he/she is ultimately responsible for the water bill for the property to the extent permitted by law.
