Perspective Bidder(s)

Letter to extend Bid deadline for the Arsenic Treatment Plant at Site 6A

Dear Interested Bidder(s):

Due to the following RFI (Request for Information) #2

Request for Information.

In respect to information you are requesting relating to the effective life of the arsenic removal media, we require additional information to make that determination, specifically regarding the Well 6a water chemistry we need representative concentrations of the following constituents;

- o Vanadium.....ppb levels*
- o Uranium.....ppb levels*
- o PO4.....ppb levels*
- o No speciation of arsenic.....how much is As3 or As IV?*

All bidding parties please be advised that Quartz Hill Water District has requested of Clinical Laboratory of San Bernardino to perform the four aforementioned test and has been informed that the results of these test will not be available till some time during the week of August 6th. QHWD for this reason and in an effort to maintain transparency QHWD will be extending the deadline for all proposals/bids to **September 13 @ 4pm PST**.

If you have any questions about this memo please address them in writing to Chad J. Reed at CREED@QHWD.ORG.

Sincerely,

Chad J. Reed
